

Your contribution to Joe's Ultima I revisited project

Beth Daggert to me

Mark,

That's awesome! The darkness looks fantastic! So what algorithm or combination of algorithms did you use to make it work for you?

Congrats, have a happy Holiday!

Hi Beth,

...

Hope you've been well. I've been writing code like it's 1989! Darkness is now working, I thought I'd share the attached video if you'd like to see it.

Thank you very much for your help brainstorming on this topic! It really helped a lot and I very much appreciate it.
